OUR CAPABILITY STATEMENT

Building Indigenous Capability Pty Ltd (BIC) is a Queanbeyan based and wholly owned and operated Indigenous business supplier.

We are accredited suppliers registered with Supply Nation and the NSW Indigenous Business Chamber of Commerce.

Our service offers aim at an Indigenous community, business and public sector clientele and span areas in the fields of learning and development, talent management, community engagement, and planning and project management.

Our vision is for an engaged, empowered and integrated Indigenous business and community sector and a reconciled nation.

Our key differentiator is the level of professional quality, capability, experience and expertise that we bring to assignments, and coupled with the positive energy and a genuine commitment to make a difference by delivering the right result at a fair price. We have developed skills-based conversation & language workshops based upon the study and practice of Ontological Coaching.

Our lead consultants are trained and accredited as coaches, mentors, facilitators and trainers and belong to relevant professional networks and communities of practice.

We continuously work on improving our client service and advancing our professional development. We work with positive energy and aim to inform, educate and enthuse.

We have an ongoing practice and extensive track record working across Indigenous Australia, including remote, and a relevant network of Indigenous business and professional associates and affiliates.

Our offers include:

- assistance with inclusion and diversity initiatives;
- packaged information or training sessions around resilience and wellbeing;
- assistance with developing or extending Reconciliation Action Plans;
- specifically designed Indigenous career management programs;
- tailored facilitation services
- coaching and mentoring training &
- packaged leadership or team building programs.

Refer to our website for more information and case studies or call to discuss your business needs.
