

Game Title: 1Key Speedy Lander 2 Screen Shot:

Website/link to game: http://www.oneswitch.retroremakes.com/switch-game/1_Key_Speedy_Lander.exe

Recommended platform specs: Windows XP, Pentium 4, 512MB ram
10GB HD, Internet browser access, 640x480 screen resolution

Input device requirements: 1 button

Game setup difficulty: Medium

Genre: Arcade

General Description: The object of 1 Key Speedy Lander is to land a space pod. It requires good timing and seems to require a knack to get it just right. I don't think this game is for everyone as it could get frustrating, having said that, it's great for people who like that kind of challenge in a game.
