10GB HD, Internet browser access, 800x600 screen resolution

Input device requirements: One button and a pointing device.

Game setup difficulty: Low

Genre: Shooter

General Description: Blazing Squad is a target shooting game which requires fast reaction time and precision with the mouse pointer. While this game has simple controls and can be played with just a mouse or pointing device, the level of difficulty can't be adjusted. Taking this into account, the level of precision required to play this game makes it too inaccessible for many people.
