10GB HD, Internet browser access, 640x480 screen resolution

Input device requirements: 1 button & a pointing device

Game setup difficulty: Low

Genre: Arcade

General Description: Mouse Follower is suitable for players who would not be able to manage skilled game interaction. The first part of the game is a configuration page which would be set by an aid, who then starts the game. The player can then move the selected animation all over the screen by themselves by moving the mouse cursor. The settings page allows an aid to configure from a selection of animated pictures to use, and whether it has music accompanying from a selection of tracks.
