Website/link to game: <http://armorgames.com/files/games/city-invasion-4235.swf?cache=local>

Recommended platform specs: Windows XP, Pentium 4, 256MB ram
10GB HD, Internet browser access, 800x600 screen resolution

Input device requirements: One button and a pointing device.

Game setup difficulty: Low

Genre: Real Time Strategy

General Description: This game is a basic battle command war game. Players will need to skilfully manage the battlefield in order to win the game. The level of fast paced intellectual consideration required to play City Invasion will make it difficult for some to manage. Also quick reaction time is increasingly required as the game progresses through the levels of difficulty.
