General Description: Everybody knows the worlds going to end in 2012 right? The Mayan calendar ends abruptly in 2012, and Nostradamus is never wrong, so let's face it were all doomed! Might as well enjoy the time you have left...

Choose Your 2012 is a "humorous" flash game where you can choose from a range of disasters to destroy some of the worlds' major cities. You will then be assigned a score after the time limit is reached based on how much havoc you've wreaked.

It's fun for the whole superstitious family.
