Recommended platform specs: Windows XP, Pentium 4, 512MB ram
10GB HD, Internet browser access, 800x600 screen resolution

Input device requirements: 1 button & a pointing device

Game setup difficulty: Low

Genre: Arcade

General Description: In Get Off My Lawn you have to keep pesky intruders off your lawn by mowing them over with your lawn mower. Each level introduces new types of pests who are harder and harder to keep off your lawn. But for each pest you run over you will earn money which will enable you to buy upgrades from the shop!

So if you're finding it difficult to keep pests from trampling your lawn, then remember to strategically upgrade your arsenal at the end of the level.
