

Peter Doig - Nomination for the Bob Hamerton Award

Peter has been involved in swimming at all levels spanning from age group, university and masters swimming. He has been the volunteer coach of the Dolphin age group swim team for the past ten years. As a swimmer he currently holds numerous Manitoba records over many age groups. He has won many events at the Masters Canadian Championships over the decades of his career. The most impressive aspect of Peter's competitive career is that after a severe accident that nearly took his life he has been able to return to the pool at a very competitive level. A final note he has helped countless swimmers at all ages to learn and enjoy how to swim and compete in the pool.

Peter reflects the involvement and passion for the sport of swimming that Bob Hammerton had during his life. I would like to nominate Peter for this award.

Sincerely

Paul Boulding
