

Special Session on “*Internet of Things (IoT), Big Data and Cloud*”

ICCMIT '19 - The 5th International Conference on Communication, Management and Information Technology March 26-28, 2019, Vienna, Austria

TOPIC OF THE SPECIAL SESSION

The digital transformation where IoT, Big Data and Cloud come together to pave the way for new applications, creates new challenges in data-analytics, communications, cloud scheduling, storage management, etc. The objective of this session is to attract new solutions to address challenges in developing IoT applications on top of this state-of-the art trio-based architecture.

Topics of the Session:

- Cloud-IoT applications
- Cloud, big data and analytics for IoT applications
- Scheduling in cloud computing for IoT workload
- Cloud-IoT systems architecture
- Cloud methods and tools for big data analytics
- Cloud methods and tools for IoT applications
- Cloud-IoT communications protocols
- IoT data management
- Hadoop, IoT, Big Data

ORGANIZED AND CO-CHAIR BY

Dr. Leila Ismail
leila@uaeu.ac.ae

Author's schedule :

- Paper deadline submission date
December 31, 2018
- Notification of acceptance
January 15, 2019
- Camera ready submission date
January 22, 2019
- Conference registration date
January 31, 2019
- Conference Date
March 26-28, 2019
