

If you do
something
behind
someone's back
you act
deceitfully

If you have
something on
the brain you
are obsessed
about it.

If you are all
ears you are
listening very
carefully.

If you try to
catch
someone's eye
you want to
attract his/her
attention.

If you keep a
straight face
you try not to
laugh.

If you have
green fingers
you are good at
gardening.

If someone is
your own flesh
and blood he/she
is related to you.

If you are run
off your feet
you are very
busy.

If you don't turn
a hair when
something
happens you
don't show any
sign of emotion.

If you give
someone a hand
you help him or
her.

If you have your
heart in your
mouth you are
very frightened.

If you give
someone a piece
of your mind you
speak angrily to
him/her.

If you show
someone a clean
pair of hills you
run away from
him/her.

If you pull
someone's leg
you tease him
or her.

If you bite your
lip you
deliberately stop
yourself from
saying something.

If you are down
in the mouth you
are feeling
depressed.

If you pay
through the nose
for something
you pay more
for it than it is
worth.

If you give
someone the
cold shoulder
you ignore him or
her.

If you are all
skin and bones
you are very
thin.

If you have a
lump in your
throat you are
feeling very
emotional and so
cant speak

If you have
something on the
tip of your
tongue you
almost
remember it.

If you are a bit
long in the tooth
you are old.

If you do
something in cold
blood you do it
deliberately .
