Why Union Pizza? Real Fresh. All Natural. No Freezers. How's that for starters!

We make our dough fresh in house as well as our special recipe sauces. We use the highest quality nitrite free natural meats and cheeses. We even fire cook our fresh toppings first to further bring out their flavors. Union Pizza is passionate about what we do and what goes in our pies, and thats what makes the best tasting artisan pizzas!

Our Chicago style pie is deep dish with a mildly sweet, buttery and flaky crust. It is filled with 5 natural cheeses and your favorite items, then topped with our perfect fresh house made chunky tomato sauce.

Our N.Y. style thin crust re-creates our childhood Brooklyn staple and is hand tossed and comes with our house-made fresh pizza sauce. It is perfectly covered with the finest mozzarella and toppings- then is cooked to a crispy delectable finish.

Years of research and minutes to devour... You must try them both!
