MATHS

Day 1

A) Add the following numbers given. (With and without carryover)
   a. 3 3 7    b. 5 1 5    c. 1 2 8    d. 3 4 5
      + 1 3 1    + 2 8 3    + 3 5 8    + 3 6 5

B) Subtract the following numbers given. (With and without borrowing)
   a. 9 8 7    b. 8 6 8    c. 7 5 6    d. 7 6 8
      - 1 3 2    - 2 3 7    - 5 2 8    - 1 7 5

Day 2

C) Arrange in ascending order:
   a. 5 6 8 , 5 2 9 , 8 9 0 , 5 7 1
      ____ , ____ , ____ , ____
   b. 5 1 0 , 7 1 1 , 2 0 0 , 3 7 5
      ____ , ____ , ____ , ____

D. Arrange in ascending order:
   a. 4 5 3 , 1 3 7 , 5 5 5 , 2 1 8
      ____ , ____ , ____ , ____
   b. 8 2 8 , 1 0 1 , 7 4 7 , 2 2 6
      ____ , ____ , ____ , ____

E. Write the number names from the numbers given below.
   a. 7 6 5 = ________________
   b. 8 5 4 = ________________
c. 374 =

d. 845 =

Day 3

F. What comes before, after or between?

a. _______ 568  
   b. _______ 209

c. 210 _______  
   d. 766 _______

e. 459_______461  
   f. 167_______169

G. Write the expanded form of the following numbers.

a. 847=_______+______+______

b. 404=_______+______+______

c. 213=_______+______+______

H. Write the short form of the following.

a. 900+30+4 =_______

b. 800+20 = _______

c. 300+7 =_______

EVS

DAY 1

We wear clothes to cover our body. Clothes protect us from heat, cold and rain. We wear cotton clothes in summer. They keep us cool. We wear woollen clothes in winter. They keep us warm. We wear a raincoat to protect us from the rain. It keeps us dry. We wear a uniform to school. People in different parts of our country wear different kinds of dresses. People in different countries of the world also wear different kinds of dresses.
We get cotton from plants. Cotton grows in pods. The pods are picked and thread is made from the cotton. Making thread from cotton is called spinning. This thread is made into cloth on a loom. Making cloth from thread is called weaving. We get wool, from the sheep. The thick hair that grows on the body of a sheep is called wool. Wool is used to knit sweaters, caps and socks. We get silk from the silkworm. The silkworm feeds on the leaves of the mulberry plant. It gives us a long, sticky thread from its mouth. The thread from the cocoon are woven to make silk cloth.

1) How do clothes protect us?

……………………………………………………………………………………………………

2) Why do we wear cotton clothes in summer?

……………………………………………………………………………………………………

3) How do we get cotton?

……………………………………………………………………………………………………

4) In which season do we wear woollen clothes?

……………………………………………………………………………………………………

5) Correct the statement by changing the underlined word.
   a) We get silk from plants.

……………………………………………………………………………………………………

   b) We wear a sweater to protect us from the rain.

……………………………………………………………………………………………………

DAY 2

We all need food. Food keeps us healthy. It makes us strong. Milk, curd, roti, dal and rice help our body grow. They make our bones and muscles strong. We should eat fresh fruits and vegetables. They help us to stay healthy. Some foods like fruits and vegetables can be eaten raw. Some foods like dal and rice have to be cooked before eating.

We get fruits and vegetables from plants. Plants give us food grains. Plants give us cereals like wheat, rice, and corn. They give us pulses like dal, pea and gram. Cereals and pulses are
food grains. We get milk from cows, buffaloes and goats. We make curd, ghee, butter and cheese from milk. Hens and ducks give us eggs. Some people eat the flesh of animals like fish, hens, and goats.

We should follow some good food habits. We should wash our hands with soap before and after eating. We should chew our food well. We should not speak or laugh with food in our mouth. We should eat clean and fresh food to stay healthy. Eating uncovered or stale food can make us sick.

1) Why is food important to us?
..........................................................................................................................................................

2) What kind of foods do we get from plants?
..........................................................................................................................................................

3) What kind of foods do we get from animals?
..........................................................................................................................................................

4) Write two good food habits.
..........................................................................................................................................................

5) Correct the statement by changing the underlined word.
   a) Dal and rice can be eaten raw.
..........................................................................................................................................................

   b) We get milk and eggs from plants.
..........................................................................................................................................................

DAY 3

Hundreds of years ago, man had to walk to go from one place to another. Later he used animals to pull carriages and carts. Then cars and trains were invented. Today we have many means of transport. When we have to travel a long distance, we use trains. Some buses too are used to cover long distances. Many years ago, the only way to travel very long distances was by a ship or a horse. A journey from one country to another took months. Today we can travel by aeroplanes.
All means of transport carry goods from one place to another. Goods are sent by aeroplanes, trains, ships and trucks. In deserts camels are used for transport. Elephants are used in thick forests. Mules and ponies are used in hilly places. If you want to go somewhere very, very far like the moon, you will have to go in a rocket!

1) Which means of transport will you use if you have to travel from one country to another?

………………………………………………………………………………………………………
………………………………………………………………………………………………………

2) Write three means of transport used on

<table>
<thead>
<tr>
<th>LAND</th>
<th>WATER</th>
<th>AIR</th>
</tr>
</thead>
<tbody>
<tr>
<td>………………</td>
<td>………………</td>
<td>………………</td>
</tr>
<tr>
<td>………………</td>
<td>………………</td>
<td>………………</td>
</tr>
<tr>
<td>………………</td>
<td>………………</td>
<td>………………</td>
</tr>
</tbody>
</table>
3) Find out at least ten means of transport in the crossword and circle them.

```
<table>
