BREAKING NEWS

Fantastic Results from the Victorian Championships:

- *Sixty-five club members competed over the two weekends.*
- *Twenty-five Seniors (17 male & 8 female) and 40 Juniors (21 boys & 19 girls)*
- *Fifteen Gold, Thirteen Silver and Ten Bronze; 38 medals.*
- *SEVEN new Club Records.*

FULL RESULTS NEXT NEWSLETTER

Kulan, Beau, and our young brigade of runners led the Division 1 Men's team to a men's club three-peat Premiership.

This 2018/2019 season saw the open Glenhuntly men's team reach a previously unprecedented milestone in the history of the club, three back-to-back shield final first places. Despite coming into the final with apprehension due to athlete's injuries, eligibilities and unavailability, the core strength of the men's team still prevailed to take the win.

The 1500m men were a highlight of the day, placing 5 in the top 8, and our team captain Kulan Ranagsinhe stepping into the 6th spot in the last minute in order to maximize points. Special commendations to Sam Toll, Jack Bullock, David Ceddia, Jasper Pickering, and Denyan Claxton for achieving eligibility and running such strong performances, collecting a total of 2444 points.

Special commendations also go the William Little and Kulan for achieving personal bests in the Pole-vault, 2.50m and 2.35m respectively.

It wouldn't be a shield final without the strong backbone that is Beau Lang. Competing in 6 events this year; Beau collected a total of 2145 points from Pole vault (3.25m), Long jump (5.44m), Javelin (44.79m), Discus (22.96m), 110m Hurdles (20.55s), and 3km steeplechase (10:29.0s).

Thanks also goes to Steven Stern, for joining the open men's team and giving the 2km walk a red-hot go! We took risks with our walking group and the planned approach didn't work out unfortunately.

In the long jump, our usually top point scorer Nick Hum, 500 plus, was injured but jumped for the team and earned 300 points. Thank you for your team commitment Nick.

It should also be highlighted that Sam took out the fastest MOP1 steeplechase time with 9:39.4s earning 494 points, which was also the highest scoring performance of the open men's team for the day.

We were very well represented in the 100m and 400m by Asare, Attila, and Asthika, who finished top 10, and in the 400m with Josh and Kulan showing strong performance. Chris Byron impressed in both the 100m and 200m. Of note was the performance of our youngest team member, Ky Morgenthaler, and our oldest team member, Masters 40+, Leigh Phelan who both earned close to 400 points each.

Club Throws coach did well in the Discus/Javelin along with team enthusiasts Justin Cohen and Tim Rosen.

Another huge thank you to Kulan who filled in two extra events on top of his already jam packed shield final day, without whom we would have had a very close battle with Melbourne University. Kulan competed in the 100m, 400m, 1500m, Sprint hurdles, Relay, Long jump, and Pole-vault, the most events out of any Glenhuntly open men's athlete on the day. Kulan scored a total of 2009 points individually.

Finally, the relay team; Attila Baranyay, Kulan, Chris Byron, and Asthika Liyanaarachchi earned 439 points in a time of 45.13s, which capped off the successful day with a close win over the open men's Nunawading team.

Well done to all athletes in the wider Glenhuntly club, and congratulations to all the open men who competed during the season that secured our position to contest the final, and those that competed on the day to make our three-peat dream a reality. With this in mind, the open men's Glenhuntly team is hungry for more shield finals, and will only grow stronger as we recruit more and more elite athletes to represent our fine Club.

A BIT ABOUT HOW THE SCORING IS DONE IN SHIELD

The top two Teams from each of the four metropolitan venues qualify to compete in the Association Final.

These 8 teams earn points on the basis of the performance of their athletes, rather than the placing they achieve in the event.

Points are awarded on a scale of 600 points to 100 points.

In the 100m, 400m, and 1500m six athletes represent the Club (48 contestants) while in the other events three athletes represent the Club (18 contestants.)

Open Men's Premiership Team

Event	Athlete	Place	Perform	Points

Anna and Cass lead the Women's Division 1 team with multiple events to just fall short of a Premiership.

Saturday the 23rd of February the open women's team competed in the shield final after a successful season of shield, winning every round of shield for the blue zone. The girls began the day with high scoring results in the 3k steeple chase with Rebecca Begley and Cass Little running impressive times of 11:28.0 and 12:03.5 respectively to have the fastest female times on the day. Our day continued to portray the expertise of several of our athletes. Christine Byrne with the fastest 100m on the day with an impressive time of 12.11 scoring 505 points. Anna saw in the 1500m also with the fastest open time of 4:33.6 scoring 488 points. Emily Mclean had the 2nd fastest open women's time in the 400m of 57.43 scoring 471 points.

Special commendations should be given to the athletes who stepped outside their comfort zone to participate in events outside of their speciality. Such as Anna Ross, our team captain with an extremely diverse time-table participating in the 100mh, 2k walk, pole-vault, 100m, discus and 1500m with the time-table working against her to have several of these events occurring at the same time. Cass Little also competing in extremely challenging events on the day in the 3k steeple, 2k walk, 1500m, 400m and discus accumulating almost 7km of distance in races.

Despite being the only open women's team to fill every participating spot on the day we unfortunately fell behind the impressive Essendon and Athletics Nunawading clubs, finishing only 874 points behind Essendon and 594 points behind Nunawading. Despite it being impossible to advance in position coming into the relay, our girls (Jen King, Emily Mclean, Nicola Davis, and Christine Byrne) finished the day on a positive with a win in the 4 x 100m relay in the time 50.73 scoring 466 points.

Master's Women short on numbers but big on Team Spirit; with Toni and Gwen super impressive.

Super effort by the Masters ladies who represented Glenhuntly at Shield Final and finished sixth on the ladder. Heather Carr, Gill Highnam, Sandra Howorth, Louise McLean, Toni Matters, Helen Rainey and Gwen Steed each contributed throughout the season to ensure the ladies had a place at Shield Final on February 23 (Team Manager, Louise's birthday !).

The extraordinary efforts of Toni Matters epitomised the strong team spirit amongst the Hunters Masters women. She competed in five individual events earning the team 1664 points and backed up with an explosive start in the 4x100 relay. Toni finished first in the 40+ discus (27.19, 459points) and third in the javelin & long jump (436 & 342 points, respectively). She also competed in the 100m & 80m hurdles.

Heather Carr won the 40+ division 2000m racewalk in a time of 11:50.8h (498 points). A remarkable effort considering her absence due to injury early in the season.

Gwen Steed broke the Masters State and National age graded 2000m racewalk record with her time of 13:40.2h (417 points). Congratulations Gwen ! A fantastic performance. It is difficult to believe that Gwen also missed much of the season due to injury.

Helen Rainey returned from injury to run a speedy season's best in the 100m (15.87, 266 points) finishing first in her heat with Louise McLean, also returning from injury (what is it with all these injuries ?) finishing third in the same heat (16.68, 275 points). Both followed up with strong second and fourth legs, respectively, in the 4x100 relay. Louise also competed in the Long Jump.

Sandra Howorth threw a season's best in the discus (20.21, 424 points) and competed well in the javelin (357 points). She finished off the day with a strong bend run as third leg of the 4x100 relay ensuring the ladies held their third position.

The ladies should feel very proud of their efforts over the 2018/19 season. Maybe their middle and long distance counterparts might be tempted to join them next season to round out the team ?

Master's Men super competitive but just fall short to finish Third.

The Glenhuntly Male Masters competed in our third Shield Final and I am excited to report that we finished 3rd, with a score of 9,705, missing second by 179 points. This is a great achievement when you consider that:

In 2016 we didn't even make the finals,
In 2017 we made the finals and finished 7th,
In 2018 we made the finals and finished 5th.

The Male Masters division is fiercely fought, the winning team scored 11,166 points at an average of 429.5 for the events they competed in and an average of 413.6 for all possible events competed in this finals division, which would be the highest average across all divisions. Most pleasing was our improvement in ladder position from last season – 5th to 3rd and a 1,116 point improvement in our score from last season.

The Male Masters had 13 competitors covering 26 of the 27 events available for us to compete in. Any score over 400 is a great score and we had a number of these across the day:

100m: Kurt Golonka – 400

400m: Kurt Golonka – 447 (9th in the division based on points).

1500m: Peter Macknamara – 490 (2nd), Andrew McEvoy (10th) – 451, Charles Sutherland – 427, Peter Rushen – 423.

3k steeple: Peter Macknamara – 531 (1st), Andrew McEvoy – 485 (3rd).

2km walk: Ralph Bennett – 445 (2nd).

Pole Vault: Alex Newman – 410 (3rd), Stuart Mackie – 415 (4th).

Discus: Patrick Kaufman – 407 (10th), Andrew Crawley – 453 (4th).

Javelin: Patrick Kaufman – 453 (2nd) Andrew Crawley – 413.

A couple of stand-out performances:

- Peter Macknamara and Andrew McEvoy did the 3km steeple, 1500m and 400m - delivering exceptional scores in each event. Peter Mc broke the club age group record in the steeple – bettering the previous mark by 13 seconds. Andrew McEvoy ran in only his second steeple event ever, finished 3rd in the division and scored a massive 485 points.

- Ralph Bennett walked with an injured shoulder, came second in his division and still recorded a seasons best.
- We had nine seasons best performances from the following athletes: Alex Newman (2 events), Andrew Crawley, Tony Doran, Andrew McEvoy, Charlie Sutherland, Peter Macknamara, Peter Rushen and Ralph Bennett.

Thanks to our Coaches & Club Committee Members for their help and support this season, along with the Club Officials & Club Helpers and to all Masters who competed this year – looking forward to improving our ladder position and score next season.

P.S We need a couple of sprinters for next season so that Peter Mc and Andrew Mc don't have to "triple up" – if you know any over 40's blokes interested in competing – please let me know – andrewcrawley1965@gmail.com.

Under 18 Girls; some very impressive performances but a lack of numbers cruel our premiership attempt.

Well done to all the U18 women who competed at the shield final - a great result coming 5th considering we only had 6 athletes and only contested 11 of the 27 events! Our average points per event was 428 - beating our champion men's open team (375), men's 40+ (373) women's 40+ (331) and our open women (326). Great work guys!

Stand out Performances:

Alana Porter: Long jump 5.46m (485pts), and 12.80 in 100m (449 points)

Jessica Stefanovic: Discus 38.66 (476 points) and Javelin 26.19m (406 points)

Jemma Stapleton: 100m 12.52 (472 points) and 100m Hurdles 16.00 (391 pts)

Gemma Craddock: Discus 25.46 (405 points) and Javelin 30.49m (429 points)

Taylor Alexander: 100m 13.31 (405 points) and 400m 62.99 (383 points)

Isabella Harper: Long Jump 4.68m (403 points).

It can be seen from the performances of our above athletes that we certainly had the talent to give the premiership a real shake; but we had many team members unavailable for various reasons; including clashes with other sporting competitions.

We struggled all season to find distance runners for 1500m, Steeplechase, and Walk events.

As a team we won the long jump (888 points) and came second in both Javelin (835) and Discus (881).

In the U14 women 1st place went to Sandringham and 2nd place to Mornington Pen - both teams we beat during the season - there will always be next year!

Chris Byron: Team Manager of our Division 1 team for the past 3 years and a three-peat result as Premiers. What an awesome effort. Chris deserves to feel exhausted after such an effort. Well done Chris.

Heather Carr, Sandra Howarth, and Gwen Steed: our awesome women's Master's walkers who compete both winter and summer events for Shield and VAWC races. Here they have finished third in the AV Teams 5000m Walk Championships.

World Cross Country in BATHURST NSW in 2021

Australia will host an IAAF World Athletics Series event for the first time in 25 years, following the IAAF Council's decision to award the 2021 World Cross Country Championships to Bathurst in New South Wales.

The event will be held at one of Australia's most famous sporting venues, Mount Panorama, which is better known as the home of Australia's premier endurance motor race, but will now welcome the world's best endurance runners on 20 March 2021.

Toni Matters our champion Masters 50+ athlete who has set records for throws and now the sprint hurdles. What a great contributor to our team this season and willing to give events a try for the team. In running the 100m Hurdles, Toni set a 50+ Club Record.

Gwen Steed, our 76 yo Masters and still walking strongly. Gwen rose to the occasion in the Shield Final to better the State and National walk record for her age group. After most of the season nursing an injured back, Gwen showed her team and competitive spirit in the Shield Final with this terrific performance.

CLUB NEWS

- It is great to see Club President, Kara Gilbert, back on the competition circuit after a prolonged period of injury and illness. Kara took part in the Geelong Iron72
- Following an extended training regime at Falls Creek the Gregson's (Ryan and Genevieve) went overseas on the indoor circuit. Ryan finished 6th in a fast 1500m at Birmingham UK in which the world record was broken by the winner. Australian Steve Sweyn broke Ryan's Australian Record in finishing third (3:35.10.) Ryans time was 3:37.52.
- Club Records continue to fall this season. One of the Club's oldest records, Men's Open 200m (set in 1975 by Peter Fitzgerald (now coach) and equalled in 2010 by Sean Wroe) fell to Will Johns at the recent Canberra Classic Meet. The old record was 20.97 with Will breasting the tape at 20.94. Fantastic effort Will.
- Club Master Hugh Wilson (70+) excelled in his other passion, street orienteering last week when he won the Ultravets title at the recent championships. It was world orienteering day.
- Viewers of the ABC's "Insight" program aired on March 3rd will have noticed top junior athlete Gemma Craddock (U16) appear to discuss injuries to junior athletes. She was articulate and confident as she explained the effect of stress fractures in her back and how she is coping with the setback to her athletics progress.
- **Will Johns:** joined our Club in November as part of former Club Olympian Peter Fitzgerald(1976) training squad and in Canberra recently smashed his mentors Club Record of 43 year old record for 200m with a

20.94 results Sean Wroe had equalled the old record of 20.97 in 2009 . Will has a best time of 20.90 prior to joining us. His next goal is to chase down Fitz's 400m time of Well done Will.

- The recent bushfires around Melbourne, especially in the Bunyip State Park, has impacted partly on the families of some of our members. They were too close for comfort. To all members, and their families who have in any way been impacted, we trust all is well and you are safe.

THANK YOU

Thank you to all those members who assisted as Club Helpers during the season at Shield and the various Championships.

Over the past two weekends our Athletics Victoria allocation was for SEVENTEEN helpers, and our Volunteer Coordinator, Angelo Portelli, had to work overtime to attract helpers and we missed providing a couple in week one.

Please Remember: The Club has a Volunteer Policy that expects that each member (or nominee) is expected to assist at least once during either the winter or summer season to assist our club meet its commitments.

We have a number of commitments such as Intellectual Disability Games, Puffing Billy Train Race, and Melbourne Marathon Drink Station in addition to AV expectations.

PLEASE assist when you can, and if we all fulfil our obligation to our club then we will spread the load fairly and completely.

WE APPRECIATE YOUR ASSISTANCE

Results from Around the Grounds

There has been a lot happening this month as our athletes are preparing for the Victorian and National Championships in March/April. It's on for Juniors, Masters, and Opens alike.

We are looking for some outstanding results based on their preparations to date. There are extremely encouraging signs. Good luck to al

HAVE A LAUGH

- Tourists were visiting Stratford on Avon, the birthplace of William Shakespeare, and were being shown around Ann Hathaway's House and its exhibits. When they were shown the prize exhibit, William Shakespeare's skull, a tourist commented that it appeared to be very small. The guide explained; " Oh, that was his skull when he was a young child".
- If Mississippi bought Virginia a New Jersey, what would Delaware? Idaho, Alaska.
- I like to stand in the corner and blow on people as they walk by. They hate it but I'm a big fan.
- Why is the letter W in the alphabet, called double U; shouldn't it be called double V?

- Which letter is silent in SCENT? The s or the c?
- Two guys walk into a bar. The third ducks.
- Two people are sitting in a café eating their own packed lunches. The manager comes over and says; “You cant eat your own lunches here”. So they swap.
- A man in a restaurant called the waiter ; “Waiter, this food isn’t fit for a pig”. Sorry sir, I shall take it away and get some that is”.
- A young boy asks his mum; “Mum, can I get into trouble for something I haven’t done?” Of course not son, why do you ask?”. Well, I haven’t done my homework.
