

# Step Up

## **What?**

Step Up is a great way for the church to invest in people and help them develop as disciples and leaders. It is a journey that a small group of people go on together for a year. It consists of a series of weekly sessions that include the opportunity for teaching, reflection, discussion and action. The roadmap for each group is never quite the same. Step Up is organic; more of an adventure of exploration than a trip from A to B. It isn't a course, but a journey that flexes and responds to God's leading.

## **Who?**

Step Up is for adults who want to grow, explore, question, listen and be challenged. It's for anyone who wants to grow in faith, help them explore and equip them for what God is calling them to do. It's for all sorts of different people at all sorts of stages of life, all in the context of a community. For some, Step Up has affirmed their calling, for others it has helped them discover life-changing opportunities. The outcome is always incredibly different and unique to each person.

## **Testimony from Step Up**

"I felt a little bit dissatisfied with everyday life – like God had intended something more for me, but I wasn't sure what. I wanted to move forward, to explore, and understand more about who I was and what God was calling me to do. Step Up has been an incredible journey of listening and responding to God's voice."

## **When, where and how much?**

Step Up launches in September – times and venues will be confirmed when we know numbers. It costs £150 for the year, but we don't want this to be a barrier for anyone. If you are interested in finding out more talk to Simon or Andy or visit <http://stepuonline.co.uk/>
