

# ON THE RUN PLATE CLEANER

## Spray On Plate Cleaner

On The Run Plate Cleaner is an acid based spray on plate cleaner developed for use on web presses. On The Run is useful on a variety of CtP plates requiring removal of scratches & toning along with additional plate desensitization while the plate cylinders are turning. On The Run provides a balanced blend of ingredients necessary to correct most plate issues that arise during the press run without needing to completely stop the presses.

- Reduce costly press shut downs
- Easy Spray On application
- Non alkaline – non damaging plate formulation
- Extremely Low VOC's
- Excellent desensitizing & wetting characteristics
- Removes scratches

### Direction For Use:

Adjust trigger sprayer pattern to suit your needs. Spray effected plate area directly or onto form rollers.

FOR USE ON WEB PRESSES ONLY.
