

AQ COATING CLEANER

Cleaner for Water-Based Coating Units & Shop Cleaner

AQ Coating Cleaner thoroughly cleans water-based coating systems and units. Use it to remove ink from the press framework, floors, and other areas of the pressroom.

- Thoroughly cleans water-based coating systems & units
- Removes unwanted ink from press framework
- Removes old stains from floors
- Super concentrated
- Easy to use; fast acting
- Low VOCs

Direction For Use:

To Clean Coating Systems or Units:

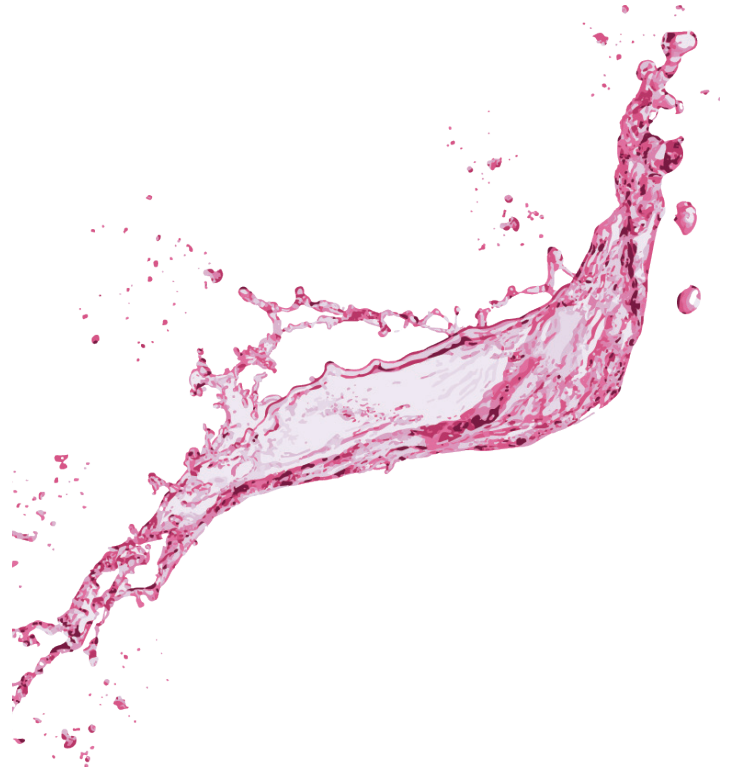

Dilute with water up to 100% or use full strength. First time users start by diluting with 25% water.

To Remove Ink from Press Framework:

Pour onto a clean shop towel and wipe ink away, or spray direct from a trigger spray bottle onto ink and wipe away.

To Remove Ink Stains from Floors:

Pour or spray onto ink stain, leave for one minute, wipe stain away.
