

TITAN HYDROWET V2

Alcohol Replacement & Water Conditioner

Titan Hydrowet V2 is an economical alcohol substitute that provides a proper balance of wetting agents, solvency and viscosity for replacing other alcohol substitutes or traditional isopropyl alcohol. While Titan Hydrowet V2 is recommended for use with any of Allied's high performance fountain solutions, it works perfectly with non branded Allied founts.

- Proven formula
- Low dosage
- Reduces piling
- Economical pricing
- Wide wetting latitude
- Reduced dosage when used in conjunction with Allied Founts

Direction For Use:

Recommended dosage range - 2 oz. to 4 oz. per gallon. We recommend starting with 3 oz./gallon. Once running, adjust dosage up or down as needed.

Recommended dosage range 1.5% to 3%. We recommend starting with 2.5%, adjusting dosage up or down as needed.

Specifications:

VOC content lb. / gallon	3.0
