

EXCEL

Rubber Rejuvenator Glaze Remover

Excel is a rubber rejuvenator and glaze remover built into one product. It removes many types of glaze build up on both the blankets and rollers. Leaves rollers feeling clean and smooth and keeps them from hardening due to friction, gum and paper coating glazes.

- Fast evaporation characteristics
- Deep roller cleaner great for color changes
- Non water miscible
- Removes paper coatings and gum build ups
- Restores blankets for optimum printing
- Cleans without doing damage to blankets & rollers
- Lifts and removes ink particles and glazes on rollers

Direction For Use:

For Roller Wash:

Squirt a liberal amount onto the ink roller train. Engage wash up device or wash up blade and continue to apply Excel until pigment is gone. And make sure to keep roller wet.

For Blanket Wash:

Pour onto a clean shop towel and wipe down the entire blanket. Than dry the blanket.

Specifications:

VOC content lb. / gallon	5.1
VOC content grams / liter	610
Flashpoint	None
Color	Colorless
CA. Compliant	No
