

WASHES

BLAST

Extremely Powerful Roller & Blanket Treatment

With just one wipe of Blast, ink, gum glaze, friction glaze, paper coatings and lint are removed, while leaching plasticizing agents back into the rollers and blankets for a longer, more effective life.

Blast is a powerful water miscible treatment for rollers and blankets. Its deep-cleaning properties assure quick color changes, even from black to yellow, with just one wash. Use it for deep cleaning or to allow the special plasticizers to add life and resiliency to rollers and blankets.

- Plasticizers will revive condition and extend roller & blanket life. After treating rollers & blankets, the difference can be felt by hand.
- Ink, paper lint, paper coating, gum glaze and friction glaze are removed from rollers and blankets.
- Quick color changes (from black to yellow) with just one wash.
- Use as a last wash at the end of the day to condition rollers and blankets for use the next day.

Direction For Use:

As a Roller Wash:

Pour a liberal amount over inking rollers, adding more if necessary. Engage wash up attachment. Add 10 to 20% water along with Blast in a wash up bottle if desired.

As a Blanket Wash:

Pour a liberal amount onto a clean shop towel, wipe over entire blanket allowing plasticizers time to condition the blanket. Take a clean shop towel and wipe blanket down.

Specifications:

VOC content lb. / gallon	6.3
VOC content grams / liter	756
Flashpoint	89°F
Color	Brown
CA. Compliant	No

Available In:
