

Dickerson Middle School Orchestra 2018-2019 Student/Parent Handbook

August 2018

Welcome to the Dickerson Middle School Orchestra!

It is our pleasure to welcome you to an exciting new year of making music. Students will learn the proper care and technique of playing a string instrument. Each student will learn to read music, as well as understand and apply music vocabulary. Students will work as individuals and as a team to experience the process of learning and performing music. In order to accomplish this, we will need the full support and dedication of orchestra families. Please use the guide below to help get a head start on materials required for orchestra this year. We, along with the Dickerson Middle School Orchestra appreciate your commitment as a music parent. We are excited about our upcoming musical experiences.

The purpose of this handbook is to provide a clear outline of the goals and requirements needed to succeed in the orchestra program. Please feel free to contact us with any questions or concerns. It is very important that you read this guide and return the required forms as an indication that you and your child have:

1. Read and discussed this information together;
2. Thoroughly examined and notated the calendar section
3. Sign agenda confirming that you read and understand the contract
4. Subscribe to the DMS Orchestra email list on our website.

Expectations

Students will learn music through string instruction. They will learn to read, count and perform music on their respective instruments. Students will perform in a variety of performances throughout the year as part of the music curriculum. Students will also learn music through music history, theory, listening, vocabulary, writing and guest artists.

Behavior

All students are expected to follow the policies set forth by Dickerson Middle School and the Cobb County School District, which can be found on the Cobb County Schools website.

Consequences

If a student has difficulty following the classroom rules the following consequences will result:

- 1st Offense Teacher acknowledgement and verbal warning
- 2nd Offense Lost of rehearsal skills points, behavior is noted in agenda
- 3th Offense Parent contacted, administration notified if necessary

Concerts/Performances

Orchestra is a team effort. If one person misses, the entire team is let down. You are expected to perform at every concert. If you are aware that you are unable to attend a concert, please give notice as soon as possible. Full concert credit is given when you are in attendance at the requested time, required uniform, demonstrate expected concert behavior, and are prepared with the required materials. If a concert is missed, students have two weeks to perform the concert music on the orchestra iPad for a grade.

Seating

Seating is constantly rotated and is not according to playing ability. Student seating within the ensemble is based solely on the director's discretion. Students may be moved at any time throughout the school year. The goal is to have a balanced orchestra that works as well as possible for everyone.

Music Standards:

- Standard #1:** Singing, alone and with others, a varied repertoire of music
- Standard #2:** Performing on instruments, alone and with others, a varied repertoire of music

Grading:

In order to be promoted to the next grade level of orchestra, students must demonstrate musical comprehension of classroom material as well as instrumental performance. This is done by maintaining a minimum 70% average each quarter. Grades are determined based on the following percentages:

40%-Performances
20%-Rehearsal Skills
20%-Class Assignments
20%-Learning Checks

Before School Policy: Students must check in the cafeteria, make sure a director's name is posted, and be on task practicing an instrument during this time. Students may lose this privilege if policy is not followed.

Rehearsal Skills-100 points, three times per quarter

Each student begins with 100 points. Points are deducted for not meeting the following expectations:

- Prepared with materials
- Performing with correct posture and participation
- Demonstrating appropriate classroom behavior

Binder/Folder

Notebooks (3-ring, 1-inch binder with 50 sheets of lined paper) are to be labeled with student's name, grade, instrument and orchestra class. They are to be kept in the orchestra classroom and used only for orchestra. The orchestra notebook will be used to keep all papers and notes given out during the orchestra class period. Notebooks will be checked every nine weeks for a grade. It is crucial that each student keep the notebook in order and to make sure they have all materials, especially if a day has been missed. Assignments will be graded accordingly. This binder can be reused each year or orchestra so students will leave the middle school program with a portfolio-type resource book. *8th graders please reuse last year's notebook!

Assignments/Playing tests

In-class assignments value will vary based on the material. Any assignments or quizzes will be out of 100 points.

Lockers: Students will be assigned lockers that are shared, school property. It is the responsibility of the students to keep the locks locked and materials put away properly. Any locks that are not regularly locked and go missing become the responsibility of the students. The cost to replace a school lock is \$5.

Instruments

Violins and violas are expected to rent or purchase an instrument for their use. Instruments are expected at school every orchestra day unless told otherwise.

Cello and bass players may use school instruments. Students are expected to rent or purchase an instrument for home practice. School instruments are to be treated with the utmost respect and handling. If any abuse is noticed, disciplinary action will be taken.

If you would like any assistance with finding a rental or to purchase an instrument, please feel free to contact me.

Many times a poor quality instrument inhibits the progress of the student. PLEASE keep the following in mind:

Keys to finding a quality instrument:

1. **Rent to Own** Stores offer great services like free repair, upgrades and trade-in policies. Please work with a store that has a **string specialist** and completes repairs in house and in a timely manner.
2. **Bring it in!** I would not recommend purchasing anything until I have had a chance to check it out. I would be more than happy to assist in trying out potential instruments.
3. **Go to a reputable dealer** Don't just look for a cheap price. All instruments should be played before purchase. Rental instruments are typically a certain quality and they can eventually be upgraded
4. **Approach internet sites with caution:** Please direct questions regarding internet purchased to me. I can recommend some string specialty sites that are reliable.

Required Instrument Supplies

Violins/Violas: Shoulder rest ****PLEASE consider comfort and obtain a genuine shoulder rest such as Everest or KUN brands.** Sponges are tough for young musicians to maneuver (not recommended), Rosin, Clean Cloth (old clean rag), Instrument nametag

Cello/Bass: Rock stop, Rosin, clean cloth, Instrument nametag

The Cobb County School District does not have insurance or any other plan that will cover damage, theft, or loss of privately owned equipment. If that equipment is to be covered, it must be through the parent's personal insurance, such as homeowner's policy, etc.

Performance Uniforms and Fees

Uniform dress is required for orchestra members to present an appealing stage appearance as an ensemble. Uniforms are aesthetically pleasing and reflect the formality of an orchestra performance. It also allows the listener and performer to focus on the beauty of the music and not be distracted.
