

Schools Designated for Turnaround

SCSB Meeting

December 14, 2017

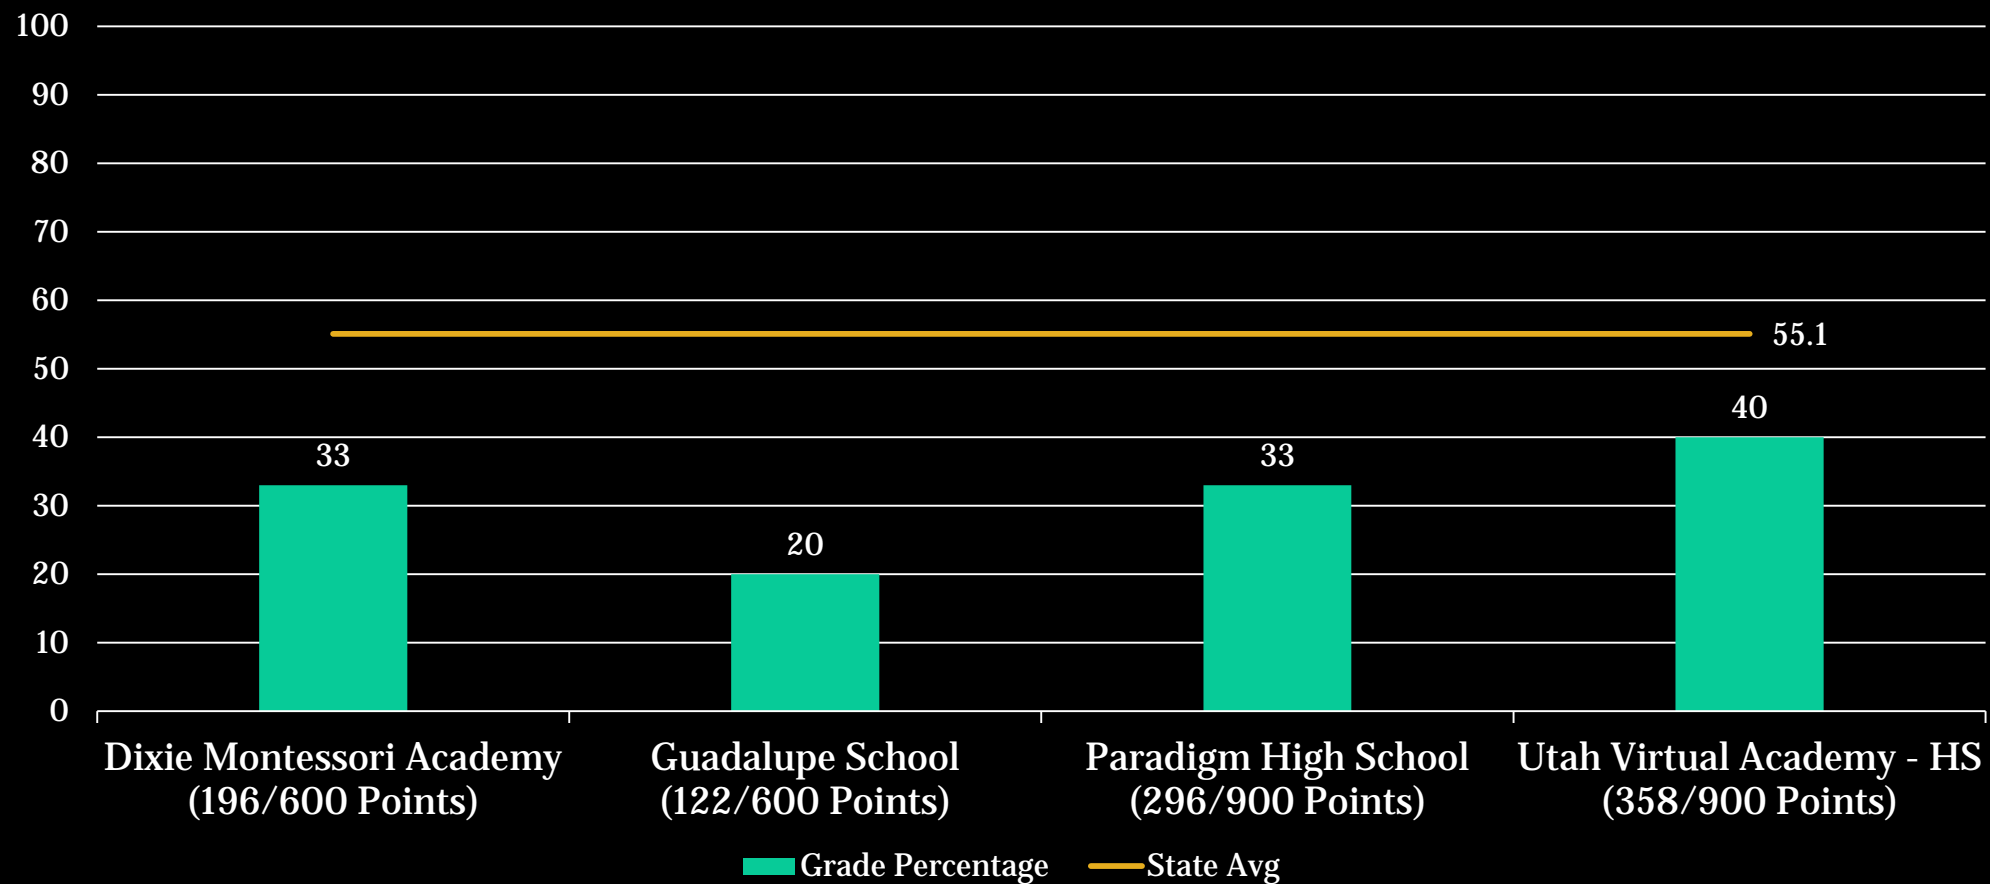

Why is this on the agenda?

- This is a requirement of UCA 53A-1-1205 – School Turnaround and Leadership Act.
- A charter school authorizer must conduct a review to determine if a charter low-performing school going into the State Turnaround program is in compliance with their charter agreement.
- If a school is found to be out of compliance with its charter agreement, the authorizer may choose to terminate the school's charter.
