Can I have more than one D-U-N-S Number at the same physical location?	Yes, more than one D-U-N-S Number can be issued at the same physical location if they are (1) separate legal entities (ie; LLC, Inc., Corp) or (2) companies that have the same legal business name but different DBA's and/or a different line of business that is specific to the nature of operations. An example of (2) is when a HQ and brand or division (see definitions below) are co-located, like a warehouse on the premises of the HQ. Definition: • Headquarters is a business that has branches or divisions reporting to it and is financially responsible for them. • Branch is a secondary location of the HQ. It is not a separate corporation and has no legal responsibilities for its debt. It can be located at the same address as the HQ, if a unique tradestyle is used. • Division, like a branch, is a secondary location of a business. However, a division carries out specific business operations related to the headquarters under a divisional name.
