

AMB  H

ORIGINAL CAMBODIAN ESPADRILLE

## AMBOH

which literally means fabric yarn in Khmer, is a new original espadrille shoe brand made in Cambodia from eco-friendly material such as cotton fabric and natural jute for the sole. It is a must for the Cambodian way of life.

## WITH TRADITION

Amboh, is a real hand-made espadrille. Machines are unable to sew the fabric on the Jute sole as this operation requires regularity and strength.

## AND LOCAL AMBITIONS

Krama is certainly the most iconic Cambodian product, and this is why we have decided to use it on all our models. It is our way to mix French skills and Cambodian culture, and it makes beautiful blend.

## CAMBODIAN BRAND

Amboh is a Cambodian brand targeting the local market.

We think that Cambodia is ready to sustain local brands using Cambodian quality materials produced and sold in the country. Our Satisfaction comes from seeing Cambodians proud of buying and wearing Cambodian hand-made shoes.

## THINKING ETHICALLY

We choose to operate using fair trade practices and take care of those who make Amboh possible.

Our sewers work in good conditions, have health insurance and get wages above factory average payroll. Moreover, all our fabric suppliers are Cambodian and we pay attention fair price for their products

## WE HAVE PLENTY OF IDEAS

We plan to develop regular new collections, working with local artists and releasing limited editions. We are already working on other complimentary products to accessorize our espadrilles.

## DO YOU?

Need to personalize your look for an occasion? Would you like to make your company branded espadrille for your staff or for a company gift? Contact us, tell us your needs and Amboh will realize them.

## HOW TO CHOOSE YOUR AMBOH

Buy your Amboh espadrilles a little bit tighter as the cotton fabric may expand to your foot shape after few days.

Are your espadrilles dirty and need cleaning? No problem, put them in the washing machine (cold water) and dry them under a fan. Once dry they will look as beautiful as the day you purchased them!
