

Heads up for race teams and those planning to camp at the Asparagus Cup next weekend at the Stockton Dirt Track

For Race Teams: Transporters are going to enter the fairgrounds off B Street through Gate 7 (which runs along the back stretch of the one-mile track). You will then wrap back around on the one-mile horse track towards the pit area. This map details the route that haulers will use.

For Campers: If you arrive on Thursday the normal entrance is the one to access the camping area. If you arrive on Friday, you must enter through Gate 1 off South Airport Way, which is located at the bottom left hand corner of this map. No other entrance will allow access for camping. To reserve a camping package please contact 916-370-3647. Leave a message or text the number as things are getting extremely busy with the festival nearly here.
