

**Culture / Zoology**

**Literacy / Vocabulary:** Lion

**Fine Motor Skill:** Counting skills, eye-hand coordination, and gluing.

**Instructions:** Ask the child to color the lion with the technique of his/her preference. Cut out the lion into strips (follow the dotted lines). Then, invite your child to glue the lion strips onto a blank piece of paper. Count the strips together as you glue them based in the order of the numbers and the lion's form.
