Frost and morning mists occur in spring and early summer. No rain during growing season. Grapes are handpicked during the last week of March with the idea to make a blend that would show bright fruits with a sense of freshness on the palate.

VINIFICATION
Grapes are manually sorted by hand, leaving behind unwanted green materials. Fruit resulted very clean. No crushing, just de-stemming. The most is cold macerated before fermentation for 3 days. Wine is fermented with commercial yeast at 18-24°C for 12 days, with two manual punch downs per day. Before fermentation is completed the wine is transferred by gravity into the French Oak barrels where the lees are stirred for one month. The MLF is spontaneous. 100% of the wine is kept in Oak for 12 months, no new oak is used. No acid or fining additions.

SUGGESTIONS
Serving temperature
Don’t be afraid to serve this wine a little bit more chilled. We recommend 12°C.
A great summer red! Also delicious with wild Chilean salmon from the Lake District or any other fatty fish. If you love Italian food, then this wine is a great match with Italian pasta and pizza. For meat lovers, we suggest white meat such as chicken or pork.
