Cider making

Peckhams point of difference with other ciders in the market is that they use proper cider apples.

This gives the ciders texture and depth, with balanced fruit acidity and tannins.

Fruit ciders are made with real fruit, if not from Peckhams orchard they buy it from local growers - always whole fruit. This is why the fruit ciders taste so fresh.

Tasting Notes

Light, dry, crisp and sessionable cider. A blend of tree ripened heritage and cider apples, this cider is ideal for those looking for an approachable, but drier cider than the majority of those on the market.

Available in 330ml Can loose, 330ml 6 pack, 1.25 L Rigger
