

# PECKHAM'S

## CIDERY & ORCHARD

Classic Cider range

### Cider with Blackcurrant (Kir)5%

### *Cider making*

Peckhams point of difference with other ciders in the market is that they use proper cider apples.

This gives the ciders texture and depth, with balanced fruit acidity and tannins.

Fruit ciders are made with real fruit, if not from Peckhams orchard they buy it from local growers - always whole fruit. This is why the fruit ciders taste so fresh.

### *Tasting Notes*

Intense berry tastes burst out of this cider, where the blackcurrants hold their own against the robust apple cider. All the goodness of apples and blackcurrants in a perfect balance of sweet and sharp.
