

VERTUMNUS

Richard Emerson, Known as the Godfather of Craft brewing in New Zealand. Starting up his own brewery in Dunedin in 1992 Every cent was precious so he borrowed, begged or repurposed wherever he could. His first brew - London Porter, was ready for market 1993, to this day it is stil Emersons flagship dark beer.

TASTING NOTES

Vertumnus is Emerson's tribute to the land that gave us the hot dog, the Kardashians and spray-on cheese. Bursting with sassy, flavoursome US hops, Vertumnus is dry-hopped to deliver a bitter, crisp and slightly stronger-than-usual Pilsner. A New Zealand-made, American-style beer. Who better to name it after than a Roman god?
