

Local Session IPA 10% ABV

At Three Boys Brewery we personally tend each small-scale brew, right from selecting the best malt and hops until it leaves the brewery. Our beers are a living product; not filtered and not pasteurised - just as nature intended. Our aim is simple: finest quality beer, finest possible taste.

Our beers are brewed, bottled, and canned on site so you can guarantee quality and freshness every time.

Tasting Notes:

We've discovered that making a low alcohol beer that really packs a punch in flavor is a rather difficult task indeed. Well, this 2.5% drop ticks all the boxes in flavor and won't disappoint! With a nice body and gorgeous hop aromas, you can expect that WOW factor over and over again.

Available in 330ml Bottle, Keg
