

PECKHAM'S

CIDERY & ORCHARD

Classic Cider range

Cider with Boysenberry 5.6%

Cider making

Peckhams point of difference with other ciders in the market is that they use proper cider apples.

This gives the ciders texture and depth, with balanced fruit acidity and tannins.

Fruit ciders are made with real fruit, if not from Peckhams orchard they buy it from local growers - always whole fruit. This is why the fruit ciders taste so fresh.

Tasting Notes

Fresh picked, intense flavours of boysenberries against a crisp cider background. Real fruit, fresh boysenberry taste without too much sweetness. Refreshingly sophisticated.
