### *Cider making*

Peckhams point of difference with other ciders in the market is that they use proper cider apples.

This gives the ciders texture and depth, with balanced fruit acidity and tannins.

Fruit ciders are made with real fruit, if not from Peckhams orchard they buy it from local growers - always whole fruit. This is why the fruit ciders taste so fresh.

### *Tasting Notes*

Fragrant, floral, delicate - a perfect summer cider. We handpick the creamy elder blooms growing wild along our local river-banks, and blend with apple cider to make heaven in a glass.
