"Cast the net to the right side of the boat ..." (John 21:6)

COMMUNION PREPARATION

This week we heard the first part of Jesus' appearance to his disciples on the beach. The disciples head out fishing, when a man appears on the beach. The man calls out to them, asking if they've been successful, and when he learns they haven't been, he offered this suggestion: "Cast the net to the right side of the boat, and you will find some." Peter and another disciple realize it is Jesus! Peter even goes so far as to leap from the boat to get back to shore.

Talk about it: Once again we see Jesus breaking bread with his disciples. We also see another flashback moment-back to when Jesus called Peter and Andrew to be his disciples. Why do you think Jesus did these things again? Is there something special that happens when Jesus repeats these actions? Is there something special that happens when we repeat Jesus' actions in communion?
