Embracing Your Calling

PART 3

Calling

The *calling* is something
that lies deep in your heart
and pulls you a certain
direction.

Embracing Your Calling

We each have a calling. A calling is a strong urge to a particular way of life or vocation. Many artists, singers, and creators have felt the pull of their calling. The calling is something that lies deep in your heart and pulls you a certain direction. In this part, we are going to explore how knowing your calling allows you to Choose Her.

What makes you feel alive?

When are you most inspired?

What do you do really well?

What makes you happy?

If you had one thing to share with the world what would it be?

What is something you always wanted to do but was too afraid to try?

Embracing Your Calling

Ephesians 3:20

Now to him who is able to do far more abundantly
than all that we ask or think, according to the power
at work within us,

*What new ideas have you got lately that reflects the better
version of you?*

If you could start something today what would it be?

What are you afraid of?

If you knew you couldn't fail, What would you do?

What legacy do you want to leave?

What ideas or dreams are persistent?

What would you do for no money?

Embracing Your Calling

When you know your “why”, you know
the fuel behind it.

What desires or dreams connect you to God?

What would you rather be doing with your life?

What are you like when you are alone?

If you died would you have regrets and what are they?

What is God calling you to do now?
