Exhibition Rules Horticulture Division

1. Exhibitors need not be members of the sponsoring Camellia Society.
2. The Spray Division will constitute the display of one Camellia spray or branch, with flowers and foliage; stems should not be less than 8" or more than 15" in length. Exhibitors may enter more than one spray but entries must be of different varieties.
3. The judging will be by accredited ACS judges in accordance with ACS Rules & Regulations, revised July 2017.
4. Entries will be accepted from 8:00 a.m. to 11 a.m. Saturday. The show will be open to the public Saturday, 10 a.m. to 5 p.m.
5. Exhibitors are responsible for the placement of blooms. Inexperienced exhibitors should seek assistance from society members at the show information table. All entries must be in accordance with the schedule.
6. Entry cards will be furnished and will be available prior to the show. Nomenclature of the Southern California Camellia Society will be used for all varieties.
7. The Show Chairman shall have the authority to withhold from competition unworthy specimens or improperly entered blooms.
8. Judges, clerks, and the Show Chairman should not be distracted in the exhibition area during judging prior to official opening of the show.
9. The decisions of the judges shall be final.
10. All blooms entered in Divisions I through VIII must be from plants that have been in the possession of the exhibitor for at least three months.
11. All competitive entries shall be single blooms attached to their stems, and must have one or two leaves. Wiring of any

- bloom to its own stem is encouraged. The leaf or leaves must be from the same variety, but may be from a different plant.
12. An exhibitor is limited to one entry of a variety in any class except Division VI, N of a Kind, and Division VII, Seedlings and Mutants. Any number of blooms from a seedling may be entered.
 13. Judges shall disqualify themselves while their exhibits are being judged.
 14. No one may touch or move a bloom on display except clerks and judges.
 15. Exhibits will be dismantled at 5 p.m. on Saturday.
 16. All ribbons, certificates, and trophies not claimed at 5 p.m. Saturday, or at the next Camellia Society meeting will be forfeited.
 17. Division IV - Boutonnieres is open to blooms of all species.

Horticulture Awards

Ribbons will be awarded in each competitive class where flower quality warrants (BLUE for first, RED for second, and YELLOW for third) and Oregon Camellia Society Certificates will be presented when appropriate.

A prize will be awarded for the BEST OF SHOW. Gold and Silver sweepstakes will be awarded for unprotected blooms.

Crystal or other comparable items of recognition will be awarded to winners in the award categories listed next. Only one award will be given to a particular bloom.

Flower Show Entry Instructions

Entry cards will be available at the information table at the show. If you have difficulty following these instructions, please ask someone at the information table at the show.

ENTRY TAG BLANKS REQUIRED

Above the perforation, members and nonmembers fill in VARIETY, DIVISION, CLASS NO, and NAME. **Below the perforation fill in DIVISION and NAME.** Also, we ask that nonmembers fill in ADDRESS.

THE VARIETY BLANK

Use the variety name specified in the Nomenclature book of the Southern California Camellia Society (S.C.C.S). Older varieties are in the historical edition of 1981. Copies of the nomenclature books will be available at the information table at the show. To find the name to use, look up the variety by the name you know it. If the flower is described there, use that name. Otherwise, use the name you are referred to.

THE DIVISION BLANK

This show program identifies the divisions and their classes under the heading "Horticulture Schedule."

THE CLASS BLANK

For Division I, the class is determined by size. The nomenclature book will identify the size of the blooms of each variety. The nomenclature book classifies size by miniature (Division IV), small and medium (Division I, Class 1), and large and very large (Division I, Class 2).

For Division II, the class is determined by whether the variety is in the Reticulata or Reticulata Hybrid section of the nomenclature book (Class 1) or is in the Non-Reticulata Hybrids section (Class 2).
