

CHAMPIONSHIP SHOW

16th October 2010

Judge: Mr A DODSWORTH (UK)

Just a quick line to thank the committee for the invitation and of course my steward who was most professional. I would also like to thank all competitors who made the effort to come and support the club and myself. Only one or two problems that I found, but the most worrying was that a lot of dogs had filed down canines, also splayed feet with no pads, one or two little toes which were half way up by the wrist. On a positive note there was a lot of good standard type dogs, I was quite pleased with the majority. Once again thank you.
