The CEV online Employee Volunteering training courses will take place from May - October 2019. They are delivered in English and focus on three different modalities of Employee Volunteering (corporate volunteering), that can be realised *in the context of a supportive employee volunteering policy*. They are based on the content of the [EVEN workbooks for employee volunteering](#).

Places for each course will be allocated on a first come first served basis.

Session 1: Organising volunteering activities for employees during working hours. (2 May - 3 June) Deadline to register: 17 April 2019

Session 2: Organising Team-Building activities to support volunteering organisations. (10 June - 12 July) Deadline to register: 27 May 2019

The courses are organised and delivered by the European Volunteer Centre in the framework of the 2019 work programme of the Employee Volunteering European Network (EVEN). **A qualified tutor will accompany and support the participants throughout the learning process. She will contribute to the creation of a motivating learning atmosphere and will be available to resolve questions or doubts and facilitate asynchronous discussion between participants.**

Each course will require around 20 hours of study, which can all be done asynchronously at a time of the participants' own convenience. The courses are delivered online through the Moodle e-learning platform and have a maximum capacity of 35 participants per course. Participants will receive a certificate on completion of the course.

The aim of the courses are to build capacity for employees and their employers to deliver quality employee volunteering programmes and policies in different employment contexts. The courses are equally suitable for public or private entities whether SMEs, multi-nationals, or their franchises or national or regional branches.
