(We are currently working towards ISO 9001 by year end 2014)

Environmental Policy Statement

Maby UK is committed to carrying out its' business in an environmentally responsible and sustainable manner. Maby UK recognises the impact of its own activities, the contribution of activities to global impacts and the influence the company has on suppliers and customers to improve environmental performance. It is therefore the aim of the company to:

Comply with all relevant environmental legislation and guidelines.

Ensure the efficient use of resources, which can have an impact on the environment during their life cycle, wherever practical.

Minimise the waste we produce, including packaging waste and energy.

Use our influence, wherever possible, to ensure our customers are informed of the environmental impact of design choices and if possible influencing them to choose sustainable designs.

Use our influence to ensure our suppliers and contractors are addressing environmental issues within their organisations.

To educate all staff of the implications of waste and continuously evolve our waste management systems to ever reduce our waste output to land fill.
