Why AAIP ?

Established in 1988, AAIP was created to provide an organization where insurance professionals could network and aid in the professional growth of its members. AAIP creates an opportunity to use their skills to benefit the industry and the community.

AAIP became part of NAAIA to gain national scope. Through this affiliation (we are the local Chapter of NAAIA), our members have access to a network of resources across the country .

AAIP is an organization that prides itself on giving back to the community through service, scholarships, professional development, and providing its members with dynamic networking opportunities within the Insurance industry.
