A novel mechanical design of broken rope protection device for enhancing the safety performances of overhead manned equipment in coal mine

Zhang, X., Zhao, Z., Liu, J., (...), Xia, T., Da, J. 2015 Advances in Mechanical Engineering

Journey Safety Assessment to Urban Aerial Ropeways Transport Systems Based on Continuous Inspection During Operation

Operating conditions effect over the coupling strength for urban aerial ropeways

Nonlinear in-plane vibrations of inclined cables carrying moving oscillators

Sofi, A. 2013 Journal of Sound and Vibration
