

All Fosters:

As you know most of the medical services are provided in-house, but upon occasion there is need for a vet visit. The rescue will not reimburse for vet visits that do not have prior approval. These are the procedures for vet services:

- 1) Please check with Yesenia or Robert to make sure it is approved
- 2) Once Approved please get invoice from the vet.
 - 1) Let us know whether you paid or it is going on Bella's bill.
 - 2) What was done and cats name and condition if not on invoice.
 - 3) If a fundraiser/donation was done for the cat or needs to be done. Ie. Shelby's cat who needed to have his tail amputated had a fundraiser, or an ACC cat that needed work but they had donations before they left the ACC. (So we can account for the money spent)
 - 4) If additional treatment is needed get written estimate so we can fundraise towards that amount.
 - 5) Either take a photo, or scan the paperwork and send it to bellaspromisepr@gmail.com with the subject vet visit
