

## ALL MATCH OFFICIALS

On Match day, you will receive 1 match sheet from each club. Please check all details are correct whilst the team manager is present.

(The team managers at this time will swap the other printed match sheet.)

At the completion of the game you will note goals, yellow card and red cards for each match sheet.

On the extreme right hand side of the new sheet is an opposition column, here you only need the shirt numbers of the players who has received a yellow or red card plus goal scorers from the opposition team.

Ensure that you print the names of the match officials, this is located bottom right hand side of the form. On completion of the game the Referee signs the very bottom of the sheet.

The Team official from each club collecting their sheet will then check the information is correct, then print their name and sign the sheet. (Remind them PLEASE that no changes will be made at a later date so it is important to ensure they check the information listed is correct.)

\*\* Please see copy on new match sheet attached in a blank form\*\* Note: you can find a copy of this now on the Football Brisbane website under REFEREE CENTRAL / FORMS / MATCH SHEET.

## \*\*ATTENTION TO THE DETAILS \*\*

Match sheet recording. This needs to be accurate and legible so others can read it.

Your note book is a mandatory piece of your equipment and all Referees and Assistant referees must have a notebook to make recordings during the match. (You will keep your match notebook recordings for the season)

Please note that an Assessor or one of the Technical Committee members may ask to see your notebook at any time.
