

Skills Bridge Programme

HS4LC's routes to employment programme 2019/20

The employment rate for adults with learning disabilities and autism remains at less than 6% nationally*

Let's work together to improve the chances of these individuals to get and maintain paid employment.

We know many young adults with learning disabilities and autism would like the opportunity to work so that they can lead independent and fulfilled lives.

HS4LC are offering three routes to employment for young adults with learning disabilities and autism.

People with learning disabilities typically take longer to learn new tasks but with the right support they can overcome their difficulties and have a better chance of gaining paid employment.

For more information about the Skills Bridge Programme, call 01423 593719 and speak to Hadyn or Fran or email Hadyn@hs4lc.org.uk or Fran@hs4lc.org.uk

The HS4LC Skills Bridge Programme offers three routes to employment for young adults with learning disabilities and autism.

First Steps

Are you wanting to build up your work skills and experience alongside your college programme?

Do you have access to personal budget or PIP?

This part-time programme is for young adults (16 - 24yrs) with learning difficulties or autism who are enrolled on a college course but looking for something extra to do on the days they are not in college.

The programme is flexible depending on need but could include working on one of our enterprise projects alongside one day in a work placement and access to our basement gym!

Our aim

Is to help young people achieve sustainable paid employment in the future by equipping them with the skills they need to work.

Supported Internship

Are you in your final year at college and feel ready for employment but not sure you have the skills and experience to do it on your own?

Our one year supported internship programme is part of the HS4LC Skills Bridge Programme. Interns will be supported by a job coach in a long term work placement. Alongside this will be the opportunity to further build work skills on one of our enterprise projects, increase fitness in the gym and prepare for adulthood through independence in travel and life skills.

This full time programme is for young adults (18 - 24yrs) with an Education Health and Care Plan (EHCP) who have completed college or sixth form and now want to take steps towards achieving permanent paid employment.

Supported Employment

Are you a young adult with learning disabilities or autism who is looking for a route in to work?

Supported employment is a fully flexible programme that is tailored to meet the needs of the participant.

The only requirement is that you have the drive and ambition to achieve permanent paid employment.
