MESSAGE FROM THE PRESIDENT … Jan Franklin Curley

EMNA members:

We’re off and running for 2013. I’m proud to be your president again. I look forward to serving our community for the current year.

Our 2013 goals include increasing the membership, building attendance, and finding neighbors to serve as board members in positions that are now vacant (see page 2), to work on committees, and take a load off the board members who always do whatever needs to be done for the organization. We need your help!

THIS IS YOUR NEIGHBORHOOD ASSOCIATION. We need your input on what you’d like EMNA to be. If you don’t like the way things are done, come to our next meeting and present your opinions. If you don’t like the way our meetings are run, come and make suggestions (the by-laws say that we have to use Robert’s Rules of Order when we conduct meetings). We can collectively change by-laws. If you have ideas for programs at the general meetings, let us know. We can’t change things if we don’t know what changes you desire. Several people have indicated that they would like to have the yard sales again. Maybe you would like to have National Night Out activities which were called The Colfax Cruise and the Neighborhood Walk in the past. If you can’t come to meetings, you can always forward suggestions to me at janijaye@yahoo.com.

We would like to thank Tera Holzschuh for her work as president last year and her energy and ideas. We all appreciate her and the great things she’s done for EMNA. We’re sorry to see her go as she is a hard worker and is devoted to our neighborhood. Thank you, Tera.

We’d also like to give a huge thank you to Ed Wasserman who has been our “go to” man. He has been the membership coordinator, our computer guru, has forwarded EMNA newsletters/information to our members by e-mail, as well as helping with many other activities. He has stepped down and we would like to find someone to replace him. (Please let any board member know if you want to recommend someone.) Thank you, Ed.

As for vacant positions, we need them to fill them with willing volunteers. However, we are lucky to have enough board members to conduct business. Bryan Fry, Jennifer Callender, and Isaac Schloss have agreed to stay on. I was elected in December to be your president. I appointed Lynn Coleman as vice-president and the board approved that appointment. We have added advisors, Betty Aguilar and Bonna Gayhart, who bring us many, many years of wisdom, information, advice, suggestions, etc. I look forward to working with all of these people this year.

Let’s think of ways to improve our neighborhood, to help resolve complaints about eyesores, etc. by reporting violations to the city, and to make our area a safer place to live. If you have violations to report, call Isaac Schloss, 303-320-4796 or email him at isaac.schloss@hotmail.com. Lynn Coleman is now handling zoning and licensing (303-321-7493). And remember that Betty Aguilar should be notified of any serious illnesses and deaths (303-322-3291 in order to send get well wishes and condolences.

Let’s make EMNA better than ever. Talk to neighbors about joining, and help us attract young people who will have fresh ideas and the energy to carry them out. If you know about new home owners or renters, please contact Bonna Gayhart (303-322-6758) who will welcome them to the neighborhood and invite them to join EMNA. Some of us are getting worn out, and would like to turn EMNA over to a younger crowd.

On behalf of the board, I thank you for your support.

You are hereby invited to the February General Meeting.
When: February 20, 2013
Time: 6:30 P.M.
Where: East Montclair Community Center
On the SW corner of Colfax Avenue & Newport Street

TOWN HALL MEETING

Thurs, Feb. 28th, 6:30-8:00 p.m.
Eisenhower Chapel on Lowry
Main Topic:
Implementing Amendment 64,
Legalization of Marijuana
Hosted by Dist. 5 Council
woman, Mary Beth Susman

VOLUNTEERS NEEDED

EMNA is in need of volunteers to fill board positions, be on committees or chair one. We need volunteers to help with special activities, etc. There is no experience needed.

We would also like to find a membership coordinator. This person will need to have Internet skills and knowledge of Excel.

The East Montclair Neighborhood Association can become a strong voice in the city with your help.

CONDOLENCES

EMNA sends condolences to the family and friends of Lois Raffa who passed away recently.

Lois was a long-time member of the neighborhood and a member of EMNA since 1985.

Lois was a nurse and a loving friend, neighbor, and will be missed by all.

EMNA News

EMNA News is published bi-monthly by the East Montclair Neighborhood Association. The newsletter is distributed to neighbors and businesses in the East Montclair area. It was started in 1972, and has continued to this day.

Contributions of articles and letters are welcomed and published in the newsletter at the discretion of the President and the Editor.
Colfax Corridor Connections Public Meetings:
February 27th & 28th

Denver Public Works, in coordination with the City of Aurora, will host a second round of public meetings seeking input regarding the Colfax Corridor Connections project. This transportation planning study is in the process of identifying solutions to improve mobility and accessibility in the East Colfax corridor.

"Following months of analysis, the options that would provide the greatest transit, pedestrian, bicycle and vehicular improvements are coming into focus," said Terry Ruiter, Colfax Corridor Connections Project Manager with the City and County of Denver. "By evaluating many different route and technology combinations, solutions are being identified for not only Colfax Avenue, but the entire study area, which is roughly bounded by I-25 to the west, I-225 to the east, 12th Avenue to the south and 20th Avenue to the north."

The public is encouraged to attend meetings held on **February 27 in Denver and February 28 in Aurora**. Briefings by the project team, along with informative displays, will help educate the community about the transportation solutions being recommended for further refinement and analysis. Both meetings will present the same information and provide opportunities for community members to submit feedback to the project team.

**Denver Public Meeting: Wednesday, February 27, 2013**, 6 p.m. to 8 p.m.
Knights of Columbus Hall
1555 Grant Street, Denver, CO 80203
- This location is served by RTD bus routes: 6, 10, 15, 15L and 20
- Bike racks available near main entrance
- Free vehicular parking in lot at southeast corner of 16th Ave. and Grant St.

**Aurora Public Meeting: Thursday, February 28, 2013**
**Denver Public Meeting: Wednesday, February 28, 2013** 6 p.m. to 8 p.m.
North Middle School
12095 Montview Boulevard, Aurora, CO 80010
- This location is served by RTD bus routes: 20, 89 and 121
- Bike racks available near main entrance
- Public access to the school through the main (south) doors only -- all other doors are locked
- Free vehicular parking in the lot on the south side of school

When the study concludes in the fall of 2013, Colfax Corridor Connections will identify a set of multimodal transit and mobility solutions for those who live, work, and travel within the corridor. Funding must be identified before implementation can begin; however, the results of this study will provide the information needed to make informed decisions about transportation improvements that work toward a broad, cohesive, long-term plan for the East Colfax corridor.

Community input is essential to the success of this study. The Colfax Corridor Connections team is providing regular updates at www.ColfaxCorridorConnections.com, on Facebook and Twitter. You can also email the project team at Info@ColfaxCorridorConnections.com or call the project hotline at (303) 223-6595.

EDITORIAL

Bonna Gayhart, Past President

Do you want a viable neighborhood voice to be there for you when needed? The recent protest to the issuance of a liquor license to 7-11 on Stapleton near two schools, a church and across the street from EMNA homes is a typical example of issues that call for presentation of a united front. Here are just a few other issues where EMNA’s “voice” has been heard with positive results – in no particular chronological sequence or degree of significance.

When our Montclair Veterinary Clinic on Tamarac was ordered to discontinue the use of a portion of their customer parking, our members went to work. The usage in question was not negatively impacting anyone and had been used in the same way for well over 20 years! EMNA’s support of the petitions circulated by residents got the order set aside.

(Continued on next page)
Report on the SUN Neighborhood Meeting

The SUN meeting was held and the proposed 7-11 was discussed. There were several people who voiced concerns on the hours of operation of the 7-11 and we requested the 7-11 representatives consider NOT being open 24 hours a day since the surrounding neighborhood has very little traffic in the middle of the night.

We also discussed how to put together a neighborhood coalition to address concerns related to the commercial development planned for Montview and Central Park Blvd.

The East Montclair Neighborhood Association elected me to be their Vice-President and in this capacity I contacted the Car wash owner about his proposed hours of operation. I read these would be 24/7. This was in the Front Porch article. It seems that based on the concerns of the residents at the SUN board meeting, there was strong sentiment to not have the commercial development open 24 hours.

A 24-hour commercial establishment like a Car Wash and convenience store is not in character with the surrounding neighborhood. There are no other 24-hour stores on Montview or Central Park Blvd. Even Bladium closes at about 11pm.

As a neighbor to this development, I have also contacted Dan Oltersdorf who is the block captain for the neighbors who live on 21st since they will be directly impacted by the car wash and the 7-11. In addition, I contacted the Stapleton Moms some of whom expressed concern about the 24 hour nature of a 7-11.

Submitted by Lynn Coleman

Remember the EMNA General Meeting

Come and let your voice be heard!

When: February 20, 2013,  
Time: 6:30 P.M.  
Where: East Montclair Community Center  
SW Corner of Colfax and Newport

(Continued from previous page)

Although the land for Verbena Park was set aside as part of the development of the huge apartment complex between the park and Syracuse, it took several years of hard work by EMNA to get the funds to build the picnic shelter. The City poured the concrete and furnished the material, but the shelter was BUILT by our members and our adult children.

Several intersections over the years have had severe flooding problems during heavy rain storms. EMNA worked with the affected home owners to obtain improvements. The closure of both the Lowry Air Force Base on the south and Stapleton Airport on the north would have had a far more detrimental impact on us without EMNA’s representation from the day closure was announced. When contamination from the TCE plume under certain of our homes was discovered, we were able to work with attorneys who filed a class action suit and obtained a small settlement for the affected home owners.

I could go on ad infinitum, but that would fill a book! For a RNO (Registered Neighborhood Organization) to have any “clout” with the City, we must have (1) a larger membership, and (2) a dedicated Board of Directors with active committees! Unless you are willing to see this neighborhood resource vanish, please step up – pay your dues, get new members, and offer to give one or two hours a month to support it! The ball’s in your court.
I will continue being the Stapleton CAB representative for ENMA. It is difficult for me to attend meetings as I am handicapped. The schedule of the meetings is fine with me. The meetings are held in the SDC building on 29th Street in the Town Center of Stapleton. The handicapped parking is done well and is easy for me to use.

As you all know, I have been the Stapleton CAB representative since 2005. As such, I get information on new developments before they begin. I can share with EMNA once they have been reported to the CAB.

I can tell you that there have been two meetings of the Design Review Committee since January 29th. There will be a third meeting on February 20th, and these meetings don’t involve the land around the 7-11 site on Montview Blvd.

I am proud to continue serving our community.

Laura Edler

CITIZEN POLICE ACADEMIES

The Denver Police Department is announcing a great opportunity for our community to learn more about the Denver Police Department. We are inviting members of the community to attend one of our Citizen Police Academies. The Citizens’ Police Academy (CPA) is an multi-week program conducted approximately ten times a year with an average enrollment of 30 students. It is designed to familiarize Denver citizens with the policies and procedures of the Denver Police Department and provide a unique opportunity to learn about our officers.

District 5: Wednesday Evenings, March 6 – May 1, 2013 / 6pm to 8pm. Location: Montbello Recreation Center, 15555 E. 53rd Avenue. District 2: Date: Tuesday Evenings, April 23 – June 11, 2012 / 6pm to 8pm. Location: District 2 Police Station, 3921 Holly Street.

For more information go to www.denvergove.org, or contact Tech. Vanita Warren, 720-913-6167.
Review of Yu Hong Chinese Restaurant

The Yu Hong Chinese Restaurant, 6901 E. Colfax (at Oneida), is a new business in our neighborhood. The food they serve is delicious!

Located in space formerly occupied by the Asian Cafe, Yu Hong has dine-in, take-out and party trays. Their extensive menu, 115 entrees and 11 appetizers, includes poultry, beef, pork, seafood, vegetable, noodle and rice dishes. They use no MSG. One menu group features healthy entrees, steamed using no sugar, salt, cornstarch or vegetable oil. Yu Hong recently obtained a liquor license and will be serving beer and wine.

Lunch is from 11–2:30 pm every day but Saturday. Dinner is served until 9 pm daily except 8:30 pm on Sunday. Yu Hong has free delivery to a limited area surrounding the restaurant for orders of $12 or more. The phone number is 303-388-6901. FAX: 303-388-6903. Their website is www.yuhong-restaurant.com.

The restaurant’s manager is Mandy Chen. She came to Colorado ten years ago from Taiwan and formerly worked at a gourmet Chinese restaurant in Boulder. The owner is Jin Huang. Mr. Huang came to the U.S. 20 years ago from China and has owned many Chinese restaurants. The staff is friendly and eager to please.

Support a local business, give them a try! **Karen Hickey

- Schieroderma Awareness  
- New Information About Denver’s Health

*CPR training available.*
It looks a little different today with empty fields, no landscaping, no houses, etc. Coby Eral works at Ashley, and sent this picture that hangs on the wall there. We didn’t realize that the school was built that long ago. Thanks, Coby!

Electronics Banned from Trash Starting in 2013

On April 20, 2012, Governor Hickenlooper signed a bill into law that bans the disposal of electronic waste (e-waste) in landfills starting July 2013. While it has been illegal for many years for industry, businesses, government agencies, institutions and schools to dispose of e-waste in landfills, this new bill makes it illegal for Colorado residents and residential waste haulers to trash e-waste. That means starting in 2013, the City will no longer be able to accept electronics from Denver residents in the trash. Fortunately there are a number of options in Denver to safely recycle your e-waste.

What Should You Do with Your E-waste?

Take it back. Many companies have programs that will accept your old electronics. Check the manufacturer’s website. You’d be surprised how many offer easy and convenient service. Also, use retail services such as Best Buy’s or Staples’ recycling programs.

Recycle it. The City of Denver offers two convenient ways for you to recycle your electronics.

- E-CYCLE COUPON. The E-cycle coupon allows Denver residents to drop off their televisions, monitors and other electronic items at Metech Recycling at a significantly discounted rate. To request an E-cycle coupon go to www.DenverGov.org/ecycle.

- SEASONAL ECO-RALLY EVENTS. Denver Recycles periodically hosts drop-off recycling events for residents. Check our website or join us on Facebook or Twitter to be the first to receive Eco-rally event information.

Why is it Important Not to Trash E-waste?

Electronics contain harmful, and sometimes even toxic, substances which can pose risks to our health and the environment when put in the trash. On average, CRT (cathode ray tube) televisions and monitors each contain 4 to 8 pounds of lead. Flat panel televisions, laptops and monitors all have mercury-containing lamps inside, and power cords and cables contain significant amounts of lead and cadmium. Recycling these materials also reduces our need to mine or extract more of the natural resources used to make electronics.

For more information on e-waste recycling options in Denver, visit www.DenverGov.org/ecycle or call 311.
Living Between Worlds – Building Bridges of Welcome

“The tongue has no bones. What is spoken only from the mouth and head will reach the heart only. A story spoken from the heart, reaches the heart” ~ Berkina Faso

A Special Community Program for Holocaust Survivors & Second Generation, Refugees of Modern Day Genocide and American Born Participants – sharing stories & music.
“Living between worlds” is a holding of tensions ~ our history & new beginnings, self & community, and our past world & hopes for a better world.

Our stories matter: Let us learn from each other. As every Holocaust and Refugee Survivor knows, “living between worlds” is living with seemingly different parts of ourselves, with one foot in each world, such as:
  ❖ Our history and new beginnings
  ❖ My own personal story and our shared communal story
  ❖ Keeping traditions alive while learning to live in this new world
  ❖ Despair & sadness with gratitude & hope

Speakers will first share parts of their own story in informal story circles. Then we will find bridges between all of our stories ~
  ❖ hopes for a better world
  ❖ lessons learned – the world we want our children to grow up in
  ❖ tensions of being silent and finding our voice

Speakers include:
  Osi Sladek, Holocaust Survivor
  Andre Mark, Holocaust Survivor and Judith Mark Pizer, Holocaust Second Generation
  Setu Nepal, leader of Bhutanese Nepali Community
  Angeline Habonimana & Joseph Nsabimbona, Refugees from Burundi

Musicians include:
  Osi Sladek, Jewish & International Music
  Bataki, Caribbean & African Drumming Music

Courage & Renewal Facilitator®: Susan Kaplan

We are all in this together. Light refreshments will be served.

Date: Sunday, March 17th
Time: 1:30 – 4:30 pm
Location: Schlessman Family Branch of the Denver Public Library
          100 Poplar Street, Denver, CO 80220 (1st Ave & Quebec)
          (720) 865-0000
          http://denverlibrary.org/content/schlessman-family-branch-library

Sponsored by Fresh City Life My Branch, Denver Public Library and
LIGHT / Holocaust & Humanity Project Colorado Ballet Community Project
http://coloradoballet.org/performances-1/light-the-holocaust-humanity-project
Sec. 54-441. - Unattended vehicles.

It shall be unlawful for any person driving or in control of any motor vehicle to permit the same to stand unattended without first stopping the engine, locking the ignition, removing the key and effectively setting the brakes thereof, and when standing upon any grade turning the front wheels to the curb or side of the highway so that if the vehicle should roll or coast forward or backward, whichever is applicable, it would strike the curb or side of the roadway.

Spike in Auto theft ; Theft Task Force Has Tips to Protect You

Working for you Alert: police say they've seen a huge spike in theft of cars with keys left in the ignition. It may get worse for that car owner because her insurance company may not cover it.

Police are reminding drivers NOT to leave the car running unattended. "50% of our cars that are recovered or stolen have their keys left in the ignition, so it's just an escalating problem," These thefts are always a problem. They normally see cars left running stolen each year. "The vehicle was taken this morning when the owner of the vehicle went outside and started their car, left it running to warm up,"

It is a finable offense to leave your car running when you aren't around. "We want to remind everybody that it is a violation of the law to leave your vehicle running unattended. Not only can you face a fine, you may be stuck with the bill if your car is stolen.

720 913-2000 non emergency, 911 for emergencies or crimes in progress

Who we are: ReSource, a local Non Profit working in resource conservation serving the Front Range for over 35 years!

What we do: Being a Non Profit, we are able to partner with various cities’ municipal water programs throughout the Front Range, and offer free and low cost services to residents of these cities. Through our Garden-In-A-Box program, we offer pre-planned, ‘plant-by-number’, low water xeriscape gardens. These gardens are professionally designed to fit into 70-100 square feet and come with 15-28 perennial starter plants that thrive in our arid Colorado climate. Once established, the gardens save 50% of the water used in the landscape.

Available below retail costs for $99-$135, and while supplies last a $25 discount is given to residents living in Arvada, Boulder, Brighton, Castle Pines, Denver, Fort Collins, Golden, Greeley, Lafayette, Longmont, Loveland and Westminster. Gardens can be ordered starting March 1st and can be picked up at several locations throughout the Front Range beginning in May.

In many cities we also offer free water-wise landscape seminars, free indoor water checkups and outdoor sprinkler audits, making adjustments and providing information that will help residents conserve water now and throughout the year.

For more information feel free to visit our website at GardenStore.ReSourceCO.org or call 303.999.3820 Ext. 222
