

January 5 & 6, 2018

ATCpro Simulation User Conference

UC San Diego | Extension

always something new®

extension.ucsd.edu

Flag Mountain Software invites you to San Diego for a free, two-day user conference.

Jan 5 (8am – 2pm)

- Introduction by Tom Murdock, CEO
- Objectives and outcomes for the conference
- Business interest in the direction of ATCpro
- FAA open discussion and industry needs for screening candidates
- FAA CTI challenges and a pulse check on results
- UC San Diego Extension training initiatives using ATCpro
- Demonstration of enhanced ATCpro training aids for new and experienced users
- Demonstration of recent updates
- Reward for active members: cool features seldom understood

Jan 6 (8am – 2pm)

- Super user demonstrations of the hot keys
- ATCpro as entertainment
- ATCpro for prospective FAA candidates
- Presentations from invited experts
- Military interests for candidate screening
