

CHARGE: Controlling Hunger And ReGulating Eating**Category**

Other

Enrollment Closing Date

Jan 31, 2024

Description

This is a study available to Veterans who lose control when eating, struggle with binge eating, and want to lose weight.

You will be asked to answer questions and will be interviewed to determine if you are eligible to participate.

The study involves 5 months of group treatments and follow-up assessments up to 11 months.

Requirements

- Veterans between the ages of 18-65
- Overweight and want to lose weight
- Meet criteria for binge eating

Benefits

Possible reduction in binge eating, weight loss, and healthy lifestyle behavior reinforcement.

Compensation for time and travel will be provided.
