

## Parador de Limpías

DISCOVER THE BEAUTY OF CANTABRIA STAYING IN A LUXURIOUS PALACE IN THE COSTAL VILLAGE OF LIMPIAS

The Parador de Limpías is a 20th century palace designed by Emilio de la Torre, located on the banks of the Ason river in the pretty coastal village of Limpías, conveniently situated between Bilbao and Santander. Formerly the Palace of Eguilior, it was used as the summer home of the council to King Alfonso XIII, and is surrounded by 5 hectares of parkland containing many rare tree species, hence it has been declared a World Heritage Site by UNESCO. The modern extension to the palace is light and airy, designed in the Bauhaus style and offering bright, spacious rooms. The entrance to the palace grounds consists of a 20th century arc, truly reflecting its noble history. A pretty courtyard to the front of Parador de Limpías is perfect for evening strolls. The grounds also include expansive gardens, a tennis and padel

court and a swimming pool. The interior of the Parador has all the elegance one would expect of a former palace, and guests are greeted by a grand staircase fit for royalty. Other facilities available at the Parador include a gym, a sauna and an indoor heated swimming pool. The Parador de Limpías boasts a restaurant serving traditional Cantabrian cuisine; both seafood from the nearby coast, such as Marmita (a traditional fisherman's stew) and clams sautéed in parsley sauce, and hearty meat and game dishes from the Cantabrian mountains. The large dining room offers views over the wonderful parkland, and there is also an elegant bar where you can enjoy a drink or snack. The location of the Parador invites visitors to relax, or explore the neighbouring villages of beautiful Cantabria and enjoy its fabulous caves of Covalanas and Cullalvera,

beaches, nature reserves and historic areas. Nearby La Salvé is one of the longest and most beautiful beaches in the region, an immense sandy stretch five kilometers long, and Santoña boasts the origins of anchovies in olive oil. The area is ideal for rowing and pirogue canoeing, as well as hiking trails through areas of outstanding beauty.
