

The Westin Valencia

A COMBINATION OF CLASSIC MODERNIST STYLE AND AVANT-GARDE TECHNOLOGY

The 5* Westin Valencia, originally constructed in a modernist style in 1917, is one of the most impressive structures situated within walking distance from the historical, cultural, and shopping centre of Valencia, a perfect location for discovering the city. Behind the impressive facade 135 guest rooms combine a classic style with avant-garde technology, complete with the exclusive Heavenly® Bed, Heavenly® Bath, and High Speed Internet Access. The Royale Suite is the creation of exquisite attention to detail and offers sheer luxury. Decorated in an uplifting scheme of black & white, this relaxing contemporary-styled 200m sq. suite offers a spacious marble bathroom with a circular Jacuzzi bathtub complete with built-in television. Five ultramodern function rooms and one banquet room make this hotel ideal for meetings and conferences. The Westin Valencia provides multiple choices when it comes to business, dining and relaxation opportunities. Marble-floored corridors lined with contemporary artworks by prominent Spanish artists link the various venues while offering a panoramic view of the garden's lush foliage and lively social scene. The verdant Mediterranean oasis forms the heart of the hotel and each restaurant, bar and lounge boasts its own alfresco terrace surrounded with bougainvillea, wisteria or illuminated palms. The elegant Komori offers Japanese delicacies with a modern touch, a perfect setting to

impress clients or simply indulge in fine food. Guests can dine and unwind in El Jardí throughout the day with a selection of meals, snacks and fragrant, soothing Jing Teas. Alternatively check out the club-valencia, the cool tunes and trendy crowd which have made it one of Valencia's most popular places to enjoy a glass of Champagne or cocktail. The bar's action spills out into the 1,900m sq. garden planted with an abundance of exotic flora, including bay, olive, orange and lemon trees and towering date palms. When it's time to relax the wellness centre Caroli Health Club offers a broad range of options, from a full Westin Workout Fitness Studio to a swimming pool and spa-style pampering and revitalising treatments. The Westin WORKOUT® Fitness Studio, open 24/7, allows you to exercise at your own pace across a range of kinetic, anaerobic and cardiovascular equipment. The serene ambience of the therapeutic, salt-water, ionised, indoor pool is perfect for swimming laps or relaxing on comfortable loungers. Guests can further relax with a visit to the adjacent Turkish hammam and sauna and chromat-herapy showers. Services available at the Caroli Health Club include invigorating massages, soothing facials, rejuvenating body scrubs, and pampering wraps utilising Decléor products.
