

Golf Del Ducato

A LUXURY GOLF COMPLEX LOCATED
JUST TEN MINUTES FROM PARMA

The La Rocca Course, at the Golf Del Ducato golf complex, is located in the heart of Italy's Food Valley, where golf and gastronomy come together in a magical way. Founded in 1985, on the outskirts of the Boschi di Carrega natural park, just 10 minutes from Parma, the club is nestled amongst oak and acacia forests, stunning lakes and a gently hilly terrain, which gives form to an extraordinary technical and moderately difficult 18-hole parkland course with unforgettable views. Many holes border three artificial lakes. In addition to the main course, facilities include

a training pitch, pitching green, putting green, chipping green, driving range, golf clubs and trolley rental, golf carts, pro shop, bar and restaurant with climate-controlled outdoor area, extensive parking facilities, changing rooms, and clubhouse. Within the breathtaking setting of the hunting lodge, formerly used by Empress Marie-Louise of Austria, the restaurant offers players a warm, family atmosphere for dining, while the bar - located next to the club secretary's office and the reception area - is the ideal place to meet up after a round, to enjoy the happy hour or a simply a drink with light snacks. The club's restaurant is widely renowned for its offerings, which embrace both local specialties and regional cuisine, in which two superlative delicacies reign supreme, namely Parmigiano Reggiano cheese and Parma ham. The restaurant, with its characteristic octagonal design, can seat up to 40 diners, or guests can enjoy the outside dining area which seats up to 80, with climate control and overlooking the 18th hole. The club's pro-shop stocks top brands and carries a

wide range of accessories to meet all needs. The sister club of La Rocca, Parma Golf & Country Club, is designed especially for those who are new to the game. The club offers a 9-hole pitch & putt course, a pitching green, a putting green and a driving range, all of which are floodlit, as well as a bar and restaurant, a large outdoor pool and a pro shop. The club also offers established golfers the opportunity to improve their competitive skills and performance.
