

## Caseificio Auriemma

SINCE THE LATE 1.800 BREEDING BUFFALO TO  
PRODUCE THE PURES MOZARELLA DI CAMPANA

**A**uriemma srl, located in Capua, are producers of some of the finest Italian buffalo milk and mozzarella cheese in Campania. Formerly the Azienda Agricola Zootecnica Auriemma, one of the oldest existing farms in the Caserta province to specialise in buffalo rearing, Auriemma is a member of the Consortium Mozzarella di Bufala Campana, the only organisation acknowledged by the Department for Agricultural, Food and Forestry Policies for the protection, safeguarding, improvement and promotion of this extraordinary cheese, loved throughout the world. Since the late 1800's, Auriemma have been breeding buffalo with only the finest of pure bred stock to achieve the purest milk for the purest cheese. This form of genetic breeding has contributed to the denomination 'Mediterranean Italian Buffalo'. Mozzarella di Bufala Campana was awarded the prestigious European Denomination of Origin status in 1966. This award is made in order to officially recognise the organoleptic and merchandise qualities of this cheese and mainly depends on the environmental conditions and the traditional working methods existing in the specific area of production. Auriemma's buffalo herd are fed solely on cereals grown on their own farm. The special characteristics of their buffalo milk, together with the modern technologies and still artisan methods used in production, lie behind the success of Auriemma srl.
